HOW IT WORKS

YOU & YOUR CUSTOMERS

Buy X amount of Ocean Bottles made from ocean-bound plastic and stainless steel.

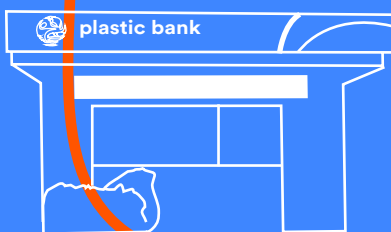

COLLECTION

Each bottle purchased funds the collection of 11.4kg of plastic, equivalent to 1000 single use plastic bottles.

EXCHANGE

Collectors are paid up to 3 x the market rate and can exchange plastic for healthcare, tech products, tuition and microfinance all via blockchain technology.

COLLECTORS

The plastic waste is collected by locals living in coastal communities, mostly in Asia and South America.

FIVE COLOURS

Inspired by the world
around us.

The bottles are manufactured in a
factory soon to receive b corp status
and one that's achieved its SMETA
audit (reference 10182431052).

The bottles are always shipped or sent
by rail freight and when we send things
by air we pay extra towards offsetting.

We are happy to provide you with
more information should you need it,
transparency is the way forward here.

SALES

We are proud to have a loyal following having sold into 88 countries around the world, so far.

The next step is to expand our exposure further by partnering with the worlds leading ethical companies to multiply the impact.

We have 5 different colours that will make a great addition to any company wanting to showcase their eco intensions.
